ADDENDUM NO. 1

TENDER FOR IMPLEMENTATION OF IBM STORAGE UPGRADE FOR CENTRAL BANK OF KENYA, HEAD OFFICE AND KISUMU BRANCH TENDER NO. CBK/050/2020-2021

Arising from the clarifications sought by prospective bidders, Addendum Number 1 is hereby issued. The addendum is made to provide clarifications sought by prospective bidders and it now forms as part of the Tender Document. It is issued in line with Section 75 of the Public Procurement and Asset Disposal Act 2015.

Clarification	Response
The tender has requested for IBM Implementation. IBM does not do racking and stacking. Should this be provided by the BP?	This is incorrect. IBM has a professional department for such (TSS and lab services).
On the required licenses for DS8886, only Base function (BF) and Copy Services (CS) licenses have been specified. Are the Copy Services Manager for HMC licenses required?	No additional licenses required for HMC
How many years of 24/7 support are required on the upgrade components (expansions and disks).	MES ride on the base system. This is irrelevant. We already have support on the base frame.

All other terms and conditions of the Tender Document remain the same.

For: Head of Procurement
